## Newsletter December 2016

**Merry Christmas and  
best wishes for 2016  
from the Thalea team**

# Thalea)))

Dear all,

2015 has been a very exciting and productive year for Thalea.

Amongst others the Thalea Pre-Commercial Procurement Call for Tender was published in March. On June 10th and 11th the tenderers presented their highly innovative tenders during a face-to-face meeting in Aachen. And on September 21st and 22nd an important and successful THALEA

workshop took place in Brussels with IT experts and the three remaining tenderers. The workshop also signalled the official start of phase 2.

In the new year we have the exciting prospect of the prototype development, and we have every confidence that 2016 will be another productive and successful year for Thalea.

Furthermore, we are happy to inform you that we successfully prepared the subsequent Public Procurement of Innovative Solutions (PPI) – project: Thalea III!

Recently, the grant agreement was signed by an extended Thalea consortium. This follow-up project makes us the first consortium in the field of health care to cover the complete innovation procurement process, with both PCP and PPI.

But for now, with Christmas just around the corner, we would like to thank you all for your interest, enthusiasm and participation in the Thalea project and wish you and your loved ones a Merry Christmas and a happy new year!
