The THALEA roundtable information session on June 11th at Oulu University Hospital has been postponed.

It will be held on Wednesday, September 3rd, 10:00-15:00 (EEST, GMT+3).

The main purpose of the roundtable information session on June 11th was to present the tender documentation to interested parties. However, because all THALEA tender documents are currently under review by the EU this will not be possible. Therefore the roundtable information session has been postponed until September 3rd.

We apologise for any inconvenience this may cause.

As reported on May 21th, all THALEA tender documents will be reviewed by three independent EU supervisors because PCP is a new type of tender procedure and the THALEA partners therefore want to exercise due caution with regards to EU regulations and legislation. This additional review process will delay the project by up to (but no more than) three months.
