

FIGURES AND TABLES

Figure 1: Location of DERREG case study regions

1. Övre Norrland, Sweden
2. County Roscommon / West Region, Ireland
3. Alytus county, Lithuania
4. Comarca de Verin, Spain
5. Goriška, Slovenia
6. Pomurska, Slovenia
7. Jihomoravský kraj (South Moravia), Czech Republic
8. Westerkwartier, the Netherlands
9. Direktionsbezirk Dresden / Oberlausitz, Germany
10. Saarland, Germany

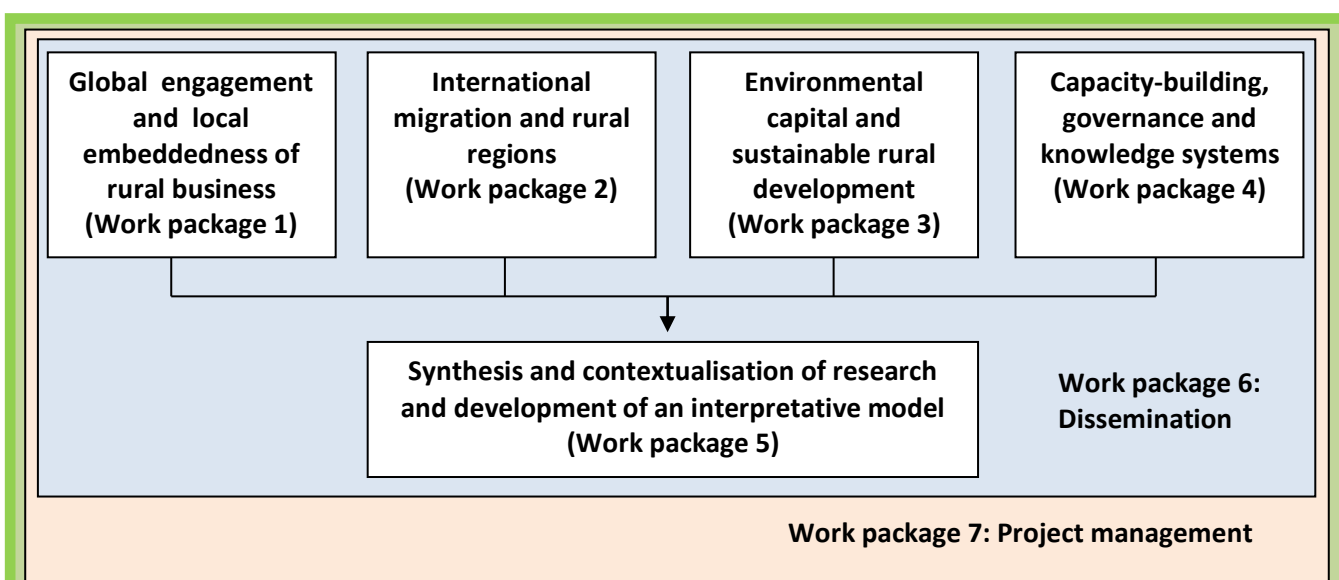

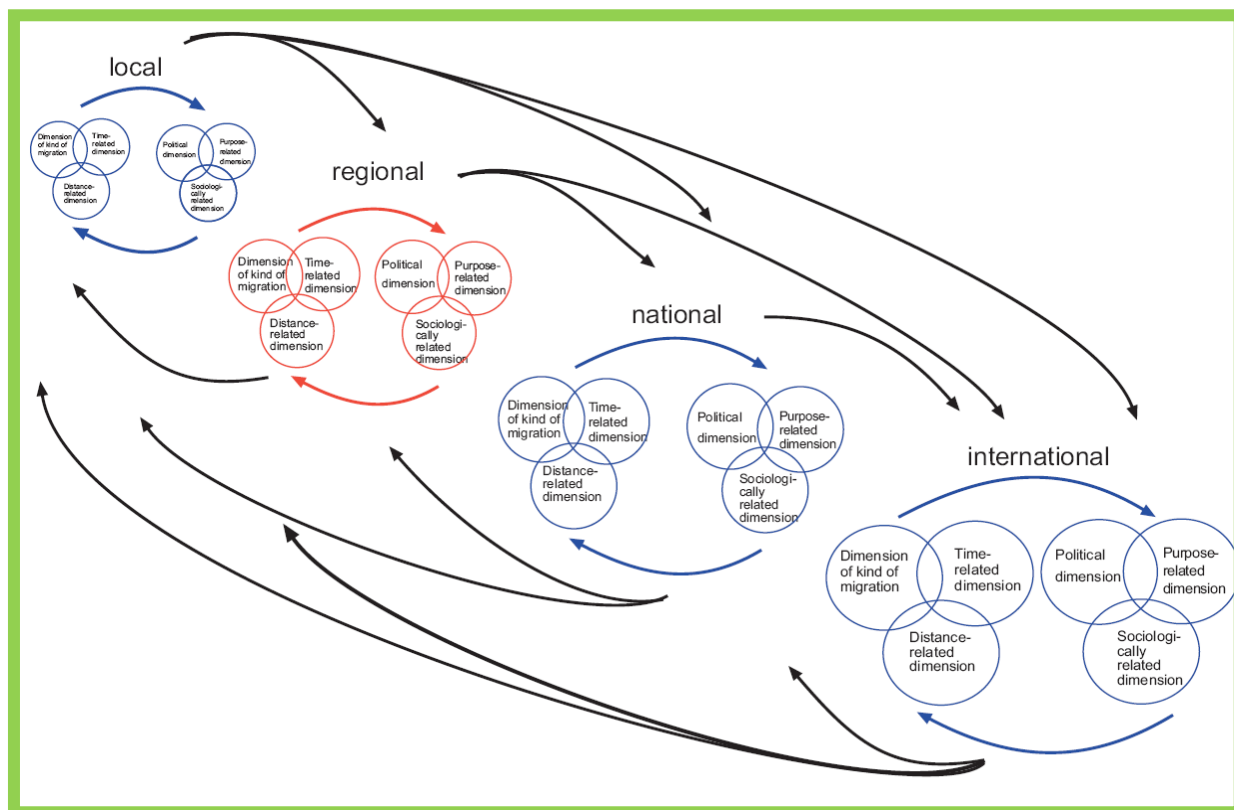

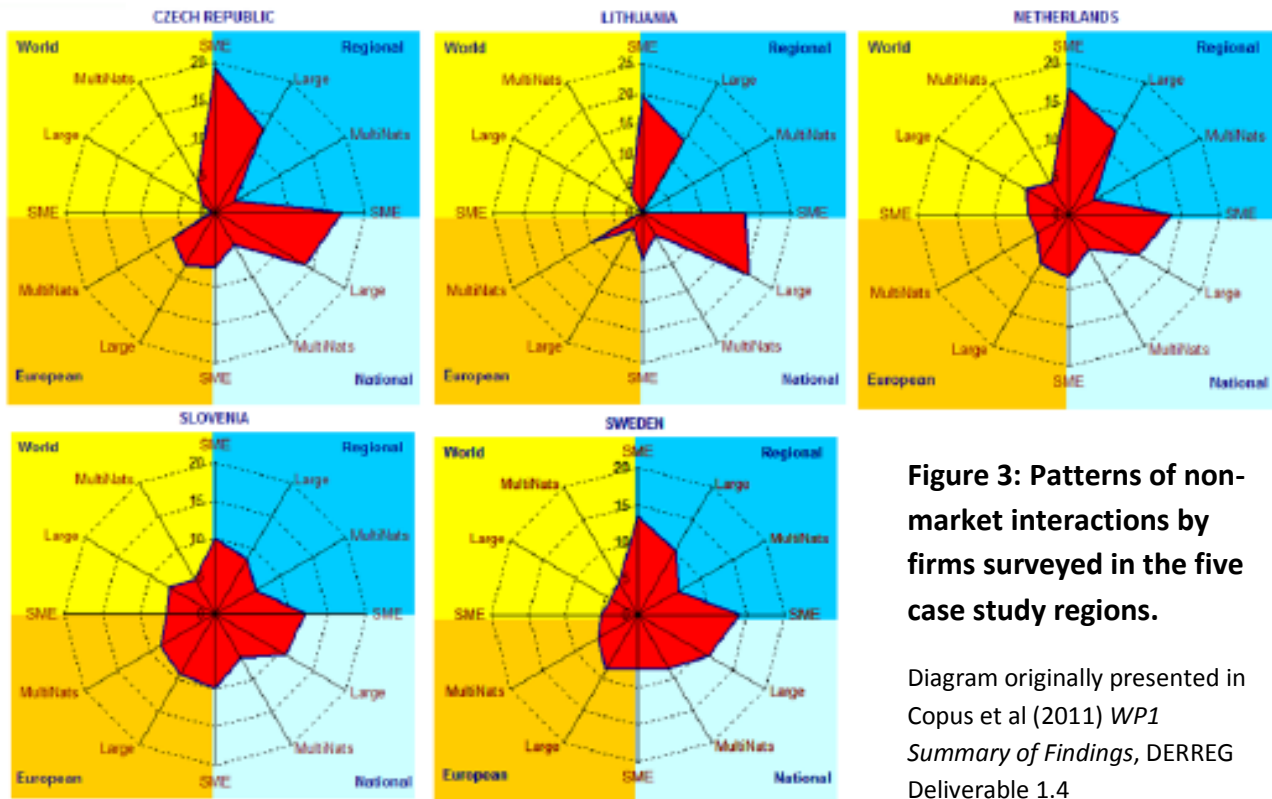

Figure 2: Schematic representation of DERREG project organization

Region (no of responses)	Goriška (SI) (20)	South Moravia (CZ) (40)	Övre Norrland (SE) (47)	Westerkwartier (NL) (38)	Alytus (LT) (42)
Fully internationalized	35%	26%	21%	13%	4%
Party internationalized	45%	33%	32%	8%	15%
Mostly national	15%	5%	34%	15%	4%
Mostly regional	5%	37%	13%	65%	78%

Table 1: Classification of firms according to degree of internationalization of business transactions

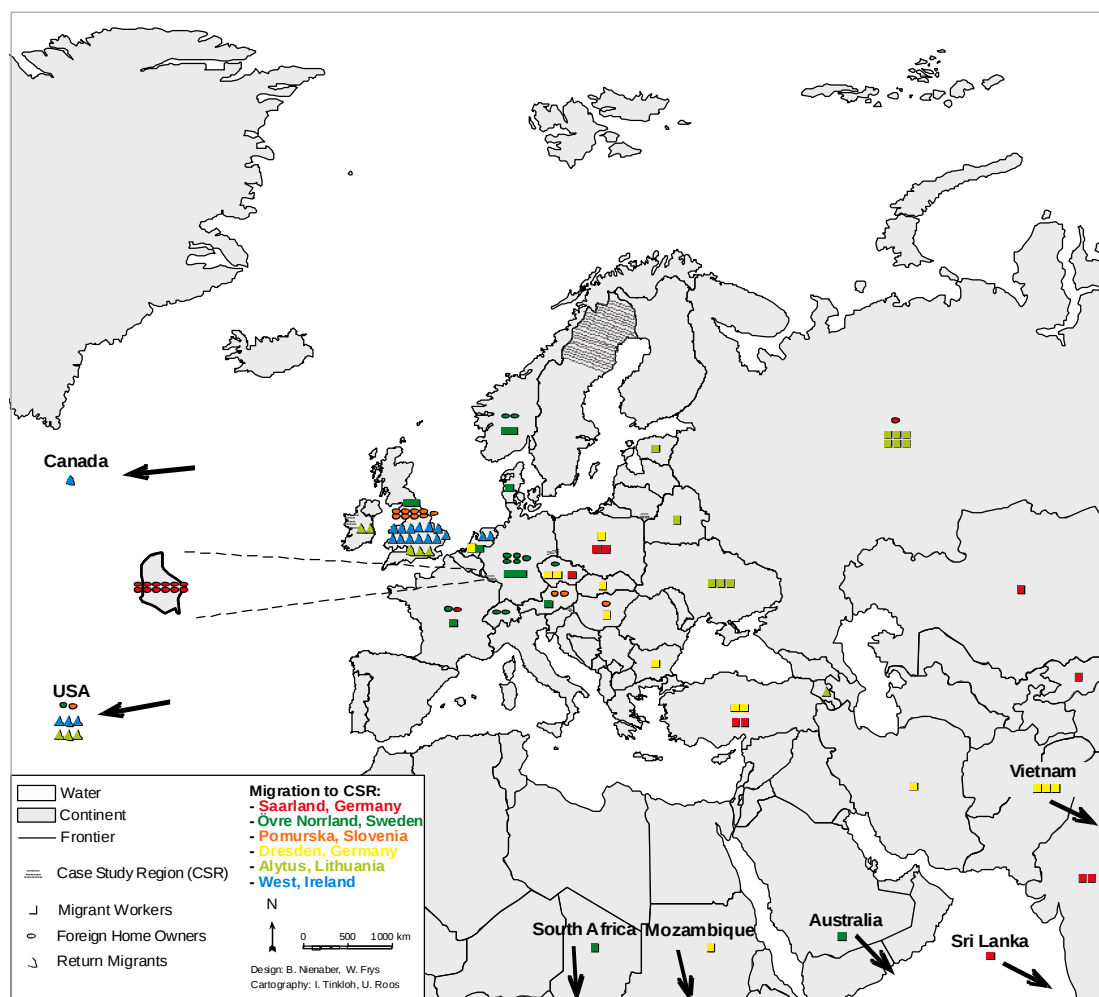

Figure 5: Origin of international migrants interviewed in six case study regions

Diagram originally presented in Frys and Nienaber (2010) *Overview of Different Migrant Histories*.
DERREG Milestone 2.2

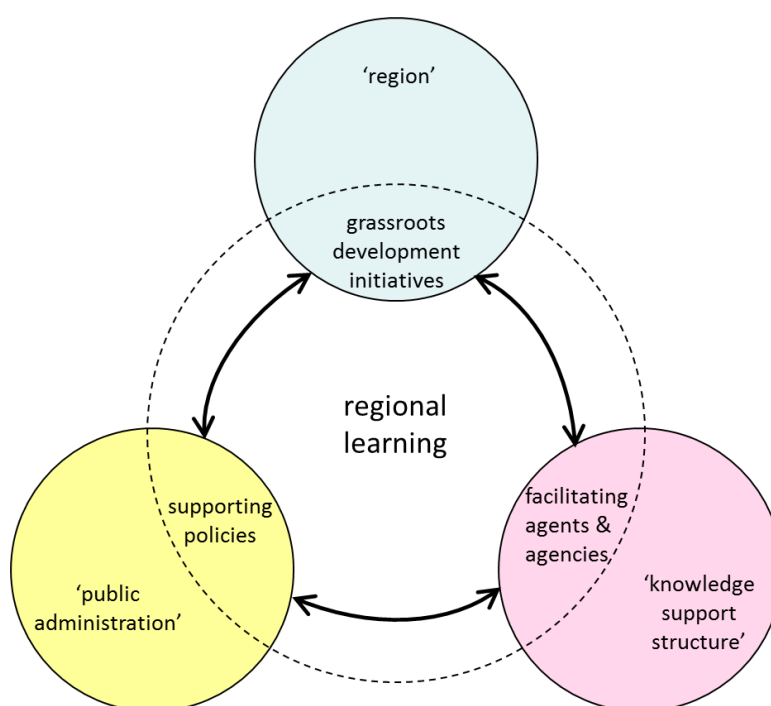

Figure 6: Modified model of a 'rural' learning region

Diagram originally presented in Wellbrock et al (2010) *Overview of Learning and Innovation Support Strategies*. DERREG Deliverable 4.1.

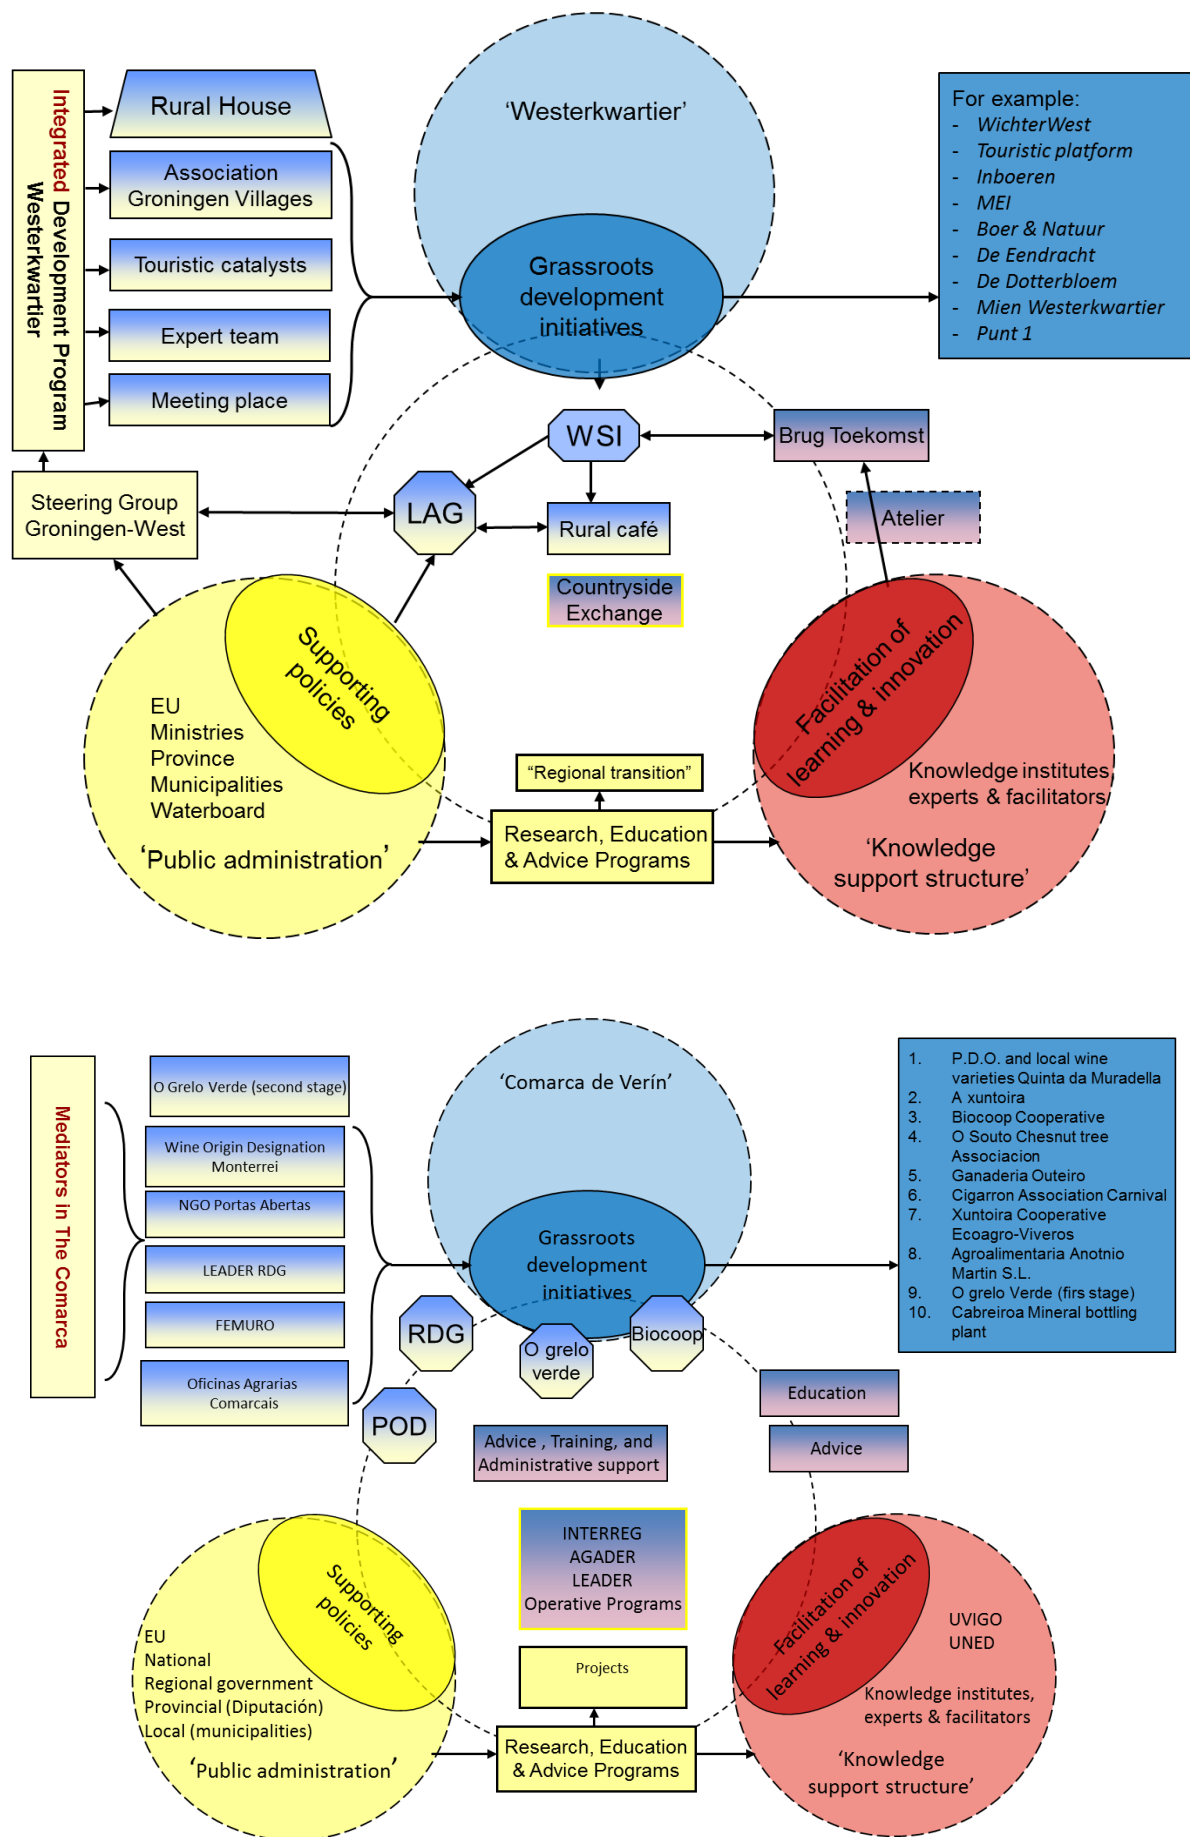

Figure 7: Maps of arrangements to support learning and innovation in grassroots development initiatives in Westerkwartier, Netherlands (top) and Comarca de Verin, Spain (bottom)

Equivalent diagrams for Alytus, County Roscommon, Oberlausitz and Saarland can be found in Roep and Wellbrock (eds) (2011) WP4 Summary Report. DERREG Deliverable 4.4.

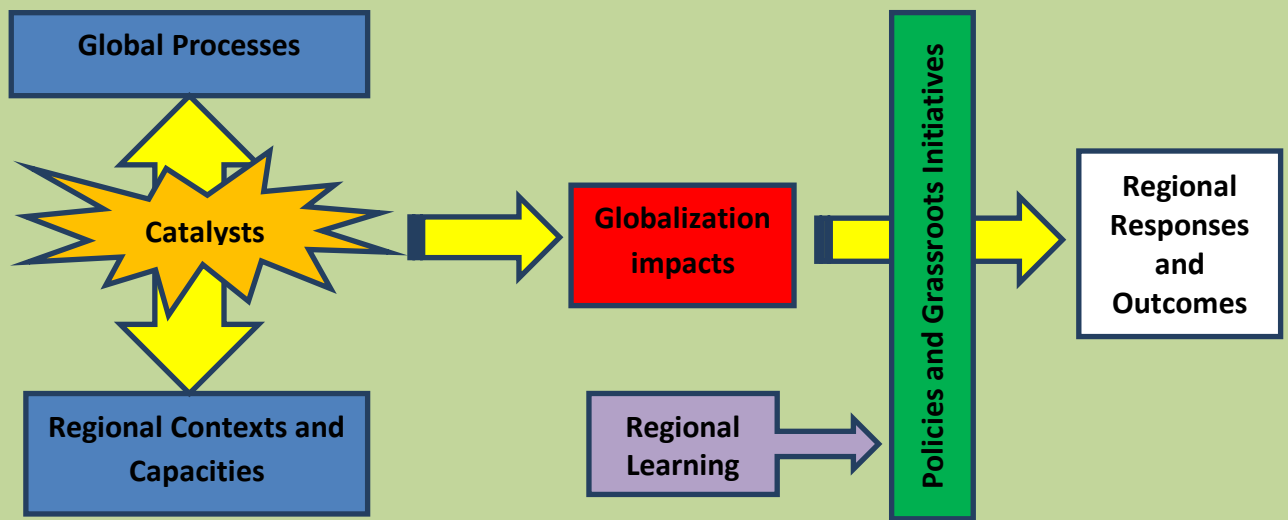

Figure 8: An Interpretative Model of Globalization Effects in Regional Development

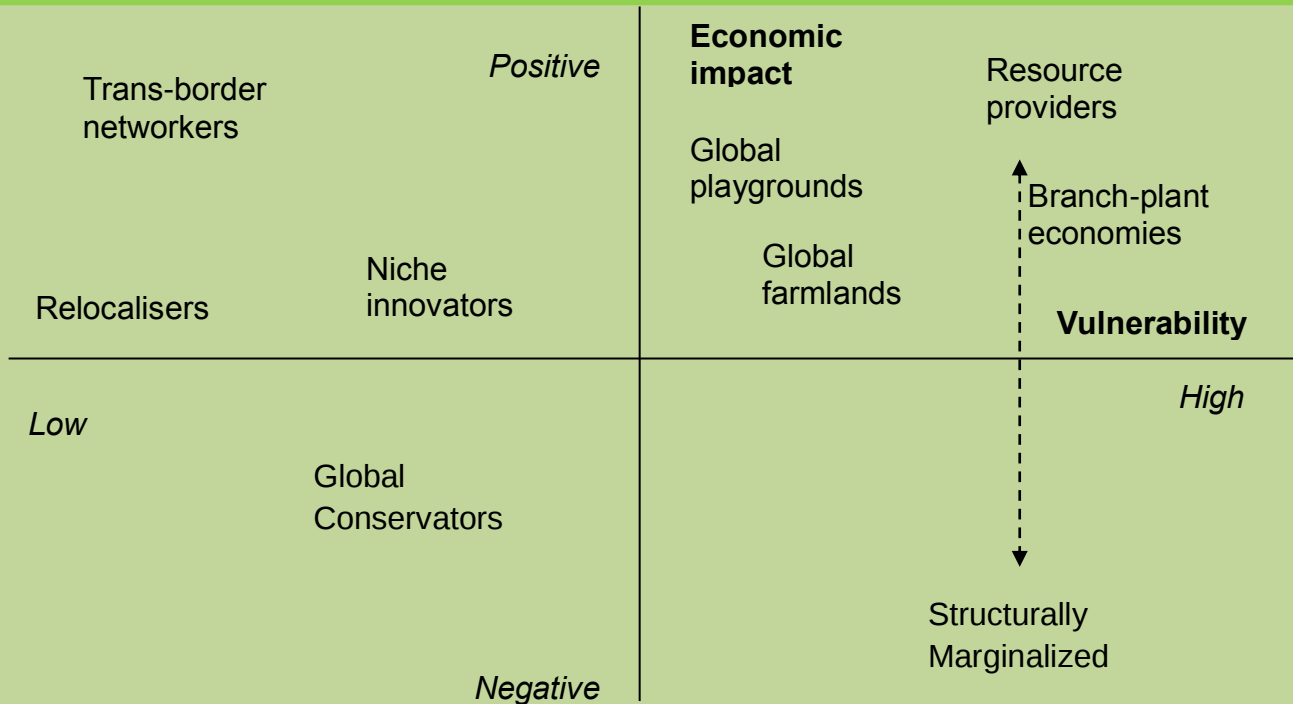

Figure 9: Relative economic impact and vulnerability to external pressures of regional responses
