more "hands-on" approaches and practical exercises would be really appreciated. the program was good but really theoretical and not really interactive...

18/09/2015 12:08 [Afficher les réponses du participant](#)

good presentations, good choice of themes, but overall very theoretical. Lack of practice sessions and "hands-on" approach.

28/07/2015 13:54 [Afficher les réponses du participant](#)

More hand on work for the students , and may be , even it is a summer schoold, there should be light assigments, because some students were just googling without paying attention.

24/07/2015 22:22 [Afficher les réponses du participant](#)

Some kind of assesment/activity through the summerschool may boost participation.

24/07/2015 18:03 [Afficher les réponses du participant](#)

The main debate should not take place after a three hour class. People could be less willing to debate because of fatigue.

24/07/2015 17:25 [Afficher les réponses du participant](#)

It Might be interesting to include practical exercises throughout the program.

24/07/2015 17:07 [Afficher les réponses du participant](#)

I suggest to make some applications in a software like stata.

24/07/2015 14:59 [Afficher les réponses du participant](#)

I suggest that integrates many exercises and practical applications
